

To whom it may concern:

I benefit from listening to XM Satellite Radio and its traffic and weather channels. I am sick and tired of the FCC and the removal of shows and the relentless Clearchannel commercial machine.

I pay for these services!!!!!! I am single and do not have kids and am not a religious person who has false morals -- It should not be up to the National Association of Broadcasters to dictate what I listen to!!!

You need to reject the NAB's petition 04-160!!!

Keep out of my car, keep out of my house.... I pay good money so that I can listen to what I want to.... please respect this and remember, we do vote....
